

Explore Bluerain Features

A simple, safe, and smart way to run your school. Built for owners, teachers, and parents to work together easily.

What is Bluerain?

Bluerain is an easy computer program that handles all your daily school work automatically. It lets you focus on what matters most: teaching.

It helps you keep clear student files, make error-free report cards, collect digital fees, and send instant messages to parents.

Everything you need is in one safe system, designed to be understood by everyone.

Records & Grading

Records Management

Keep all school files in one safe place—including info for Students, Staff, Parents, and Payments.

Report Cards

Generate neat, accurate report cards automatically. Includes Cumulative results and class Broadsheets.

Assessment Editor

Multiple teachers can enter scores at the same time into one simple grid without any confusion.

Insights & Rewards

Report Card Analysis

Smart AI technology studies student results to show you exactly how they are doing and how to help.

Publish Reports

Send report cards instantly via SMS, Email, or the Portal. Save money on paper and printing.

Rewards

Awards & Certificates: Instantly create and print beautiful certificates to encourage your students.

Connected Communication

Bulk SMS

Send quick announcements or meeting invites to all parents and staff members' phones at once.

Deadlines

Set up automatic reminders for school tasks so that teachers and staff never forget important dates.

Records Updater

Send parents a link to update their child's details from home—no more office visits for simple changes.

| Teaching & Portals

Parents Portal

A private online page where parents check their child's records, attendance logs, and school news.

Lesson Plans

Teachers submit plans online, and school heads can review and approve them with one simple click.

Classwork

Assignments: Create and grade student homework digitally through the school portal.

Community & Exams

Network

Bluerain Community:

Connect and share knowledge with other modern schools in our network.

CBT Exams

Run electronic tests where smart systems explain the answers to students automatically.

Early Year Templates

Ready-made templates tailored to track the growth of nursery and kindergarten children.

| Money & Management

Photo Management

Easily manage and update student passport photos for clear identification on all records.

Bluerain Finance

Collect school fees seamlessly and track who has paid or who is owing automatically.

Staff Attendance

A GPS tool that tracks staff arrival times accurately only when they are inside the school.

| Grow Your School

External Admission Form

Invite new students to join through a simple online form. Parents can register their children over the internet, saving everyone time and paperwork.

This makes the registration process modern, fast, and professional for new families.

| Safe & Secure

100%

Cloud Backups

Your Data is Always Safe

Bluerain saves your school information automatically in a secure digital vault. Even if your computer breaks, your records are never lost.

We use high-level encryption to keep your school secrets private and protected from outsiders.

| Why Choose Us?

Easy to Understand

We use simple English that everyone can understand. You don't need to be a computer expert to run Bluerain smoothly.

Constant Support

Our help team is always available. We make sure your school never stops running due to technical issues.

Let's work together

Join hundreds of schools using Bluerain to work smarter.
